Anchorage Daily News

Dear Sir,

At our last meeting several members expressed concern over inaccuracies in your article on April 18th, concerning the Willow Historical & Wildlife Foundation.

We did sell the old log cabin building that had been used as the community center to the Willow Historical and Wildlife Foundation for the grand sum of \$1.00. The animal mounts on the other hand were given to them by WACO vote. It is quite important that you correct this information as selling game mounts is illegal.

We would not wish for you to even suggest that we would be involved in anything illegal.

Thank you,

Sincerely,
Linda Oxley
Chair
